Two-Pieces of Furniture in One

HERE IS A
Cadillac
"Desk-Table"

Of all the devices marketed, conducive to home comforts, there is nothing so unique, economical and convenient as the Cadillac "Desk-Table" or Desk-Cabinet.

Just as the Kitchen Cabinet has proved a boon to the practical house-wife and replaced the kitchen table in the majority of modern homes, so is the "Desk-Table" doing away with the individual table and writing desk.

The "Desk-Table" occupies the space of but one article, and the cost does not exceed that of the high-grade table of ordinary construction. The ordinary desk occupies valuable wall and floor space.

Can you imagine anything more provoking than to sit down prepared to write a letter and find it necessary to remove from your library table books, photographs, magazines, drop light and other articles in order to provide a clear writing surface.

And this to be done after first locating pen, ink and stationery which are peculiarly elusive at times when most desired.

Can you imagine anything more convenient than a combination Desk and Table such as the Cadillac when it is only necessary to extend the Desk without disturbing a single article on the Table Top; raise the lid of the desk-bed, which is hinged, and select your stationery. Pen rack and ink well are sunk flush with desk bed, this insures cleanliness and convenience.

The Cadillac "Desk-Table" is sold by us in Barre exclusively. Call and let us show you this 20th century piece of furniture.

Rubdry Bath Towels

Some four years ago we bought some of these Bath Towels. Didn't have a bit of faith in their quality or usefulness. Only showed them when called for. Now it is quite a different thing. Have tested them at home and others have done the same and without an exception have found them far ahead of any other kinds. They do not fill the room with lint and they last four times as long, in fact, the better grade are warranted not to wear out in one year and a half of the very hardest wear. Just one Towel will prove all of the above and we will tell you another story when you make that purchase.

MOST TOWELS ARE "JUST TOWELS"

Some are too rough, some are too smooth. Between what they do and what they DON'T there isn't much choice.

Every man and every woman who once tries the Rubdry will never buy any other towel.

Surface like a million little knobs—gives a gentle tingle and a healthy glow; but doesn't scratch like a Turkish towel. No pulling of threads, no shedding of lint, wears well, washes well, and feels FINE.

See our stock of Rubdrys, all with hemstitched ends,—each towel in a separate carton. Priced at 25c and upward.

"The only Towel worth a name."

What's Possible in Clothes

Some men buy clothes with never an idea of what they might get if they would discriminate.

There's all the difference between

Adler-Rochester Clothes

and the ordinary "ready to wear" that there is between fashionably dressed man and men of careless attire.

Yet it requires no great effort to get Adler-Rochester Clothes.

We have them in the latest shades, the most fashionable patterns. And we sell them at the prices of other clothes made not half so well.

Munsing Underwear

This weather may not feel like Winter, but one thing sure, a day or so more and heavier underwear will be needed.

If we could buy better underwear than the Munsing we would try hard to do it, but we cannot and the story don't end there. It's the best at the price asked that can be bought today, as one of our Boston salesmen said to us a few days ago. When I find a man selling Munsing Underwear I know that he has no use for any other kind. Pretty strong recommendation for another's goods.

Children's Munsing Underwear in Cotton Union Suits, 50c; in wool, \$1.00. Vests and Pants, 50c each.

Ladies' Munsing Union Suits \$1.00 in cotton, \$2.00 to \$2.50 in wool. The only underwear with a patent double flat seam.
